Dear Name:

Our 2014 pledge drive is off and running, but we still haven't heard from you. As a past supporter, I know that the work of this agency is important to you. You are an important stakeholder in our shelter and our programs, and we would not be where we are now without your help. Your support helped us provide safety, life skills, and income opportunities for 439 victims of domestic violence and sexual assault last year!

Please fill out your pledge and make a donation today. The work we do is life-saving, but we cannot do it without you and all of our community partners. We certainly want to recognize your donation in our August newsletter, so please send in your gift soon!

As always, I appreciate your support of the work we do. Providing safe shelter and the resources necessary for victims to escape abuse is a passion of mine; it's a passion I hope you share!

Thank you,

Amanda Doran
Executive Director
